Intermodal block train connections on the north-south axis and throughout Austria

High-frequency connections on the Italy–Germany axis and in the Austrian network.

Furthermore, we offer end-to-end solutions including provision of intermodal equipment.

Your benefits

- Comprehensive network of reliable and international partner terminals in Germany
- Selected and strategically located terminals in Italy
- Connecting Italy and Austria via two corridors (Tauern & Brenner)
- High-frequency block train connections between Eastern and Western Austria
- Reliable single wagonload network in national transport
- Transport of almost all intermodal loading units
- Also for dangerous goods
