

ROLA Wels–Maribor–Wels

Now you can book ROLA with us!

No waiting in traffic jams, no driving or overtaking restrictions – the Rolling Road (ROLA) makes it possible. Use the railway for parts of your truck transport! While the drivers enjoy their rest periods in the accompanying wagons with on-board service, the trucks cover their kilometres by rail in an environmentally friendly way. We now offer reserved parking spaces – book now and secure your place on the Rolling Road!

Your Benefits at a Glance

- Two to three daily departures in each direction
- No permits required for Slovenia or Austria
- Road transport is also permitted on public holidays and Sundays
- No train operation delays due to traffic jams, driving or overtaking restrictions
- As a bonus for your ROLA trips, you get permits for road transit through Austria
- We speak Turkish with you and take care of the communication with ROLA operators and partners for you
- Guaranteed free spots even in the event of bottlenecks thanks to pre-booked spots
- Savings through reduced fuel consumption and no toll charges
- You receive only one freight invoice directly from us and we take care of the payments to ROLA
- Together we relieve the transit routes of heavy goods vehicles and reduce CO₂ emissions
