

Rail Cargo Group in Italy

WE
ARE
RAILCORE

TODAY. TOMORROW. TOGETHER.

In Italy, we are a top provider of intermodal and conventional rail logistics services.

Italy forms a crucial transport hub for intercontinental and maritime connections as well as for trade in the Mediterranean region. In connection with our logistics centres in Santo Stino and Desio, we offer comprehensive transport and warehouse logistics including final distribution throughout Italy – from

a single source. First and last mile included. Thanks to our own freight railway at the port of Trieste – one of the most important goods handling centres for Central Europe, which acts as a hub for land and sea transport – we link the port directly with economic regions in Central Europe.

Your benefits

- We organise your end-to-end logistics solutions including first and last mile – throughout Europe and within Italy.
- We have the appropriate equipment for your transports with quality-controlled train systems, high-quality high-capacity freight wagons, containers and swap bodies.
- With our logistics centres we offer you additional services such as loading and unloading, storage, transshipment and customs clearance.
- As a rail freight company, we offer you continuous high-quality international production. The focus is on the area of north-east Italy.

Equipment

- Conventional freight wagons (wagonloads)
- 20-foot, 30-foot, 40-foot and 45-foot containers
- 45-foot curtain side containers
- 25-foot and 45-foot swap bodies
- Craneable and non-craneable trailers
- MOBILER
